CHART	14							
ACCESSORIES	15							

- 1) *HE (High Efficiency) model guns are superior for waterborne & solvent material.
- 2) All models listed above achieve a transfer efficiency greater than 65% which meets the HVLP requirement.
Certified letter is available upon request.
- 3) For non-HVLP gun selection please see page 14 for detailed information.
- 4) WBPC cup is a plastic gravity cup with a stainless steel connector which is suitable for waterborne & solvent material.
- 5) Stainless steel nozzle and needle are standard on all Warwick guns.

6) For airless parts (Rods/Sleeves/Cylinders/Strainers) : www.warwick-sprayguns.com/airlessparts.htm
